

INDUSTRY NEWS

Raptor Introduces New Picatinny Rail Fixtures for Mounting Gun Accessories!

These new Picatinny Rail Fixtures allow manufacturers to use the existing picatinny rail for clamping. Eliminating the need for an additional dovetail prep. The dovetail on these fixtures is dedicated to the Picatinny rail DOD Industry Standard Specification as opposed to our standard of 60 degrees.

All gun manufacturers in your territory should have a need for this fixturing. Typical targets would be AK's and rifles but some handguns also have the picatinny rail feature too.

Item numbers are as follows:

RWP-PIC3SS - Stainless Steel Picatinny Rail Fixture

RWP-PIC6-DM - Picatinny Rail Fixture 6.00" Long Direct Mount

RWP-PIC6-DT - Picatinny Rail Fixture 6.00" Long Dovetail Mount

RWP-PIC9-DM - Picatinny Rail Fixture 3.50" Long Direct Mount

All items above are in stock! Visit www.raptorworkholding.com.
