

## INDUSTRY NEWS

### Insizes is excited to announce a new and improved website!

It's the same web address as before [www.insizeus.com](http://www.insizeus.com).

New features include:

- At any time when you would like to search an item to get the specifications, you can type the part number in the search bar.
- The second tab on the home screen is the Product tab. You can search for products here, download parts lists and browse new products.
- The fourth tab on the home page screen is the Catalog tab. Under this section, you can find the current catalogs, current price file download and the application index of items.
- Inventory features: Near the bottom of the page is where you can check inventory. The login is as follows and cannot be changed. Please save this username and password. Username: test, Password: test1234
