Master Fluid

SOLUTIONS®

TURPIN SALES IS PLEASED TO ANNOUNCE OUR PARTNERSHIP WITH MASTER FLUID SOLUTIONS!

Turpin Sales & Marketing is pleased to announce their partnership with Master Fluid Solutions! Master Fluid Solutions metalworking, parts cleaners, and pipe expansion fluids ensure quality production and profitability!

Master Chemical Corporation, now Master Fluid Solutions was founded in 1951, not simply as a business for the sake of making profit, but as a company dedicated to the improvement of manufacturing productivity to benefit mankind with a higher standard of living at an ever lower cost. There products include the following:

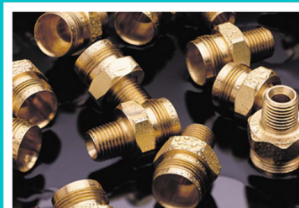

TRIM® - Achieve cutting-edge operations with globally-recognized TRIM cutting and grinding fluids. Utilize TRIM fluids to reduce labor, downtime, fluid, disposal and tool costs. Ensure code compliance, excellent operator acceptance, provide safer workplaces and deliver bottom-line savings.

Master STAGES™ - To clean and protect, rely on hard-working Master STAGES cleaners and rust preventatives. STAGES provides excellent cleaning in spray, immersion, or ultrasonic parts vibratory finishing applications. Perform multi-metal operations, protect parts from corrosion and reduce disposal costs.

XYBEX® - Maximize productivity, minimize waste and dramatically reduce costs. With a proper coolant management system, XYBEX equipment virtually pays for itself with dramatically reducing coolant use, disposal cost and downtime. From job shop to mega-manufacturer, there's XYBEX equipment to improve your bottom line.
